

Betty Boyns 2012
catalogue

Welcome to the Betty Boyns designs 2012 catalogue

Fresh from a very busy 2011 Betty Boyns bring you 3 new designs 'Starburst', 'Regatta' & 'Country Tea'. Our new designs are fun and practical, suitable for grown ups and and childrens rooms.

Designed by Paula Nicholls, whose family were in the art fabric business, the fabrics reflect her nostalgic outlook and love of shape and colour.

Betty Boyns have also worked hard to keep her fabrics and products affordable and produced in the UK

'We are proud to have kept our production in this country – a lot of it Cornwall - it means a great deal that I can be confident about the origins of our products.'

Betty Boyns Fabric and Homeware is based in Cornwall, produces their own original, colourful designs on high quality cotton. All design and manufacturing takes place in the UK, most of which utilises businesses in Cornwall.

I hope you like our new catalogue with photographs taken by our friend and surf god Mike Newman with thanks to the lovely Niggy and Tony for lending us their beautiful home and to my husband Colin for his support and fine suits.
